BACKGROUND

Academic excellence, character, engagement and well-being of students are at the heart of Saskatoon Public Schools' strategic plan. The plan highlights our vision of each student being known, valued and believed in. It emphasizes Saskatoon Public Schools' commitment to creating learning experiences that inspire all students to reach their potential and the importance of relationships, equity and accountability.

CURRENT STATUS

Marion M. Graham Collegiate is offering Emergency Services 20 and 30 for the first time in the 2025–26 school year. The program provides grade 11 and 12 students with hands-on learning experiences related to careers in firefighting, paramedicine, policing, and search and rescue. Strong student interest and engagement have been evident this year.

Through a successful Teacher Innovation Grant from the Ministry of Education, Emergency Services teacher Drew Fitzgerald has enhanced the program with realistic simulation equipment that supports safe, structured, and authentic emergency response scenarios. This strengthens students' practical skill development while deepening experiential learning. Students in the program are developing key competencies, including teamwork, communication, problem-solving, and confidence, while gaining exposure to potential career pathways in emergency services.

Principal Jay Harvey will introduce Drew Fitzgerald and students, who will share their learning experiences within this specialized and highly engaging program.

RECOMMENDATION

Proposed Board Motion (if removed from consent items):

That the board approve the minutes of the committee of the whole and regular board meetings held April 14, 2026.

Minutes of the Meeting of the Board of Education of the Saskatoon School Division No. 13 of Saskatchewan, held on Tuesday, April 14, 2026 at 2:30 p.m.

Members Present: Board Chair Kim Stranden, Trustees Angela Arneson, Donna Banks, Tanya Napper, Kevin Schmidt, Ross Tait, Kirk Jones, Vernon Linklater, Anne-Marie Rollo and Jennifer Scherman

Regrets: No regrets

Trustee Linklater arrived at 4:21 p.m.

Following discussions in Committee of the Whole, Trustee Stranden moved that the board rise and report. CARRIED (10)

The meeting adjourned at 5:49 p.m.

Secretary of the School Division

Board Chair

Minutes of the Meeting of the Board of Education of the Saskatoon School Division No. 13 of Saskatchewan, held on Tuesday, April 14, 2026 at 6:30 p.m.

Members Present: Board Chair Kim Stranden, Trustees Angela Arneson, Donna Banks, Tanya Napper, Anne-Marie Rollo, Kirk Jones, Kevin Schmidt, Ross Tait, Vernon Linklater, Jennifer Scherman

Regrets: No regrets

1. Roll Call

2. Acknowledgement

Chair Stranden called the meeting to order, read the roll call into the minutes and acknowledged the land on which we gather.

3. Adoption of Agenda and Declaration of Conflict of Interest

Trustee Schmidt moved approval of the agenda.

CARRIED (10)

4. Celebrating Excellence

4.1. North Park Wilson School Art Fest

Superintendent Bishop-Yong introduced Principal Kara Helms, teacher Sheryl Salen, student presenters Madi Stonehouse and Penny Mitchell, and parent presenter Katrina Mitchell from North Park Wilson School. They spoke about the 10th annual North Park Wilson Arts Fest and how it supports student creativity, confidence, student voice and community connections through visual arts, music, drama and dance. They noted that it is the school's most well-attended event and that Sheryl Salen has supported the festival for the past eight years. Student presenters spoke about the growth and sense of belonging the festival has provided.

5. Consent Items

Trustee Jones moved that the board approve the consent items as presented.

5.1. Approval of Minutes: February 27, 2026 and March 3, 2026

CARRIED (10)

Information

BACKGROUND

The Ministry of Education requires each board of education in the province to annually approve a three-year Preventative Maintenance and Renewal (PMR) Plan that reflects its priorities for expenditures of annual PMR funding provided by the ministry. The deadline for submitting the approved plan to the ministry this year is May 31, 2026.

CURRENT STATUS

Attached is the updated Preventative Maintenance and Renewal Plan for Saskatoon Public Schools dated May 4, 2026. This plan reflects the top priorities for expenditures for 2027–2029 PMR funding.

BACKGROUND

Academic excellence, character, engagement, and well-being of students are at the heart of Saskatoon Public Schools' five-year strategic plan. The plan highlights our vision of each student being known, valued, and believed in. It emphasizes Saskatoon Public Schools' commitment to creating learning experiences that inspire all students to reach their potential and the importance of relationships, equity, and accountability.

The Ministry of Education requires semi-annual reporting to boards of education, as indicated in the Transportation Safety Reporting Guidelines (TSRG). It includes requirements related to compliance with transportation legislation, reporting of student transportation performance, risks to student safety and tracking and resolving complaints.

CURRENT STATUS

Attached is the accountability report for student transportation which will be presented by Chief Financial Officer Daniel Burke and Transportation and Insurance Manager Tara Bouthillette.

PREPARED BY	DATE	ATTACHMENTS
Daniel Burke, Chief Financial Officer Tara Bouthillette, Transportation and Insurance Manager	May 4, 2026	Accountability Report

RECOMMENDATION

Proposed Board Motion:

That the board approve the Strategic Plan Accountability Report: Student Transportation, to be included as part of the director of education's 2025-2026 evaluation.

At Saskatoon Public Schools every student is **Known • Valued • Believed In**

We will create learning experiences that inspire all students to reach their potential.

Accountability Topic: Student Transportation Report

Date of Board Meeting: May 12, 2026

Strategic Priorities:

<input type="checkbox"/> Academic Excellence	<input checked="" type="checkbox"/> Well-being
<input type="checkbox"/> Character	<input checked="" type="checkbox"/> Financial Stewardship
<input type="checkbox"/> Engagement	<input type="checkbox"/> Internal Business Processes

Commitments:

- Relationships (honouring diversity, welcoming and joyful spaces, and community partnerships)
- Equity (anti-racist/anti-oppressive practice, representative workforce, high expectations)
- Accountability (evidence-based practice, focus on Indigenous student success, ensure safe, caring, and accepting learning environments)

Key Measures:

See performance indicators in the Student Transportation Report as of May 31, 2026, and Key Risks to Safe Transportation.

Targets:

Provide safe on-time transportation for students while minimizing cost.

Key Initiatives Employed:

On-time transportation for each bus company is tracked with a performance log. The bus company that outperforms the other company by providing safe, on-time transportation is a high consideration when assigning additional bus routes.

Cost efficiency of transportation is reviewed throughout the school year and changes are made to minimize transportation costs. Buses are double looped between two schools that are situated geographically close together and bell times are staggered to allow for maximum usage of the bus. For specialized programs with fewer students, when cost efficient, taxi transportation is used in lieu of a

bus. Monthly check-ins are completed internally as well as with our special education consultants to ensure the safest form of transportation is provided.

Key risks to safety are addressed semi-annually with each bus company, as summarized below in the “Key Risks to Safe Transportation” section.

Data:

**Student Transportation Report
as of March 31, 2026**

Performance Indicator	Mar. 31, 2026	Sep. 30, 2025	Mar. 31, 2025	Sep. 30, 2024
Number of students registered for transportation	6410	6394	5902	6385
Number of students transported who require intensive support	457	438	431	431
Number of transportation routes	173	171	166	165
Number of unfilled routes	0	0	0	0
Cancellations*				
Mechanical - number of routes	0	0	0.5	0
Weather (days)	2	0	2	0
STF Strike (days)	0	0	0	0
No substitute driver - number of runs (AM or PM)	0	0	0	0
Average age of bus fleet (years)	8	8	7	7
Capacity utilized on bus (average)**	79%	79%	86%	91%
Average one-way run time (minutes)	21	21	22	22
Longest one-way run time (minutes)***	77	78	81	69
Performance measurements ****				
First Student (late runs/total runs)	90/11557	34/1820	62/10912	19/1672
Hertz (late runs/total runs)	31/32004	4/4960	24/30008	5/4560

Notes:

* Cancellations are for the school year to date beginning on September 1, 2026 and ending as of the date of the column. Bus transportation is cancelled at -45c with windchill.

Extreme Cold: Thursday, January 22, 2026
Friday, January 23, 2026

** Capacity utilization is based on a maximum school bus load of three students per bench seat. Students in kindergarten and the early grades may ride at three students per bench seat. Students in older grades needing more space are seated at two students per seat. The capacity rating of buses at three per bench seat overstates the space available for transporting students in older grades.

*** Students are transported by bus from around the city to intensive support programs and the Cree Language and Culture Program.

**** Performance measures are for the school year to date beginning on September 1, 2026 and ending as of the date of the column. Total runs are the number of bus route trips to and from school (transportation days each month x number of routes x bus route trips/day)

Key Safety Risks to Transportation:

The information below identifies key safety risks (driver competence, student behaviour, vehicle maintenance/condition and external factors) and the strategies implemented to address these risks.

Driver Competence

1. Driver evaluations are completed with new drivers after 90 days and annually thereafter.
2. Safety meetings are scheduled monthly.
3. Each driver's SGI driver's abstract is reviewed annually.
4. Companies create left/right sheets for each route. Utilized by regular and sub drivers to ensure accurate route details are available indicating group stop locations, door-to-door addresses, and various other student specific details.
5. New drivers work with mentors before driving a route on their own.
6. Trainers review driver skills by periodically riding along on each route.
7. First Student has a program which provides extra training for special education riders.
8. An annual meeting is held in August with all drivers to review safety policies, legislative requirements, and to communicate current information.
9. Complaints received are investigated by the operations manager.
10. Drivers can complete anonymous surveys regarding training and safety procedures.

Student Behaviour:

1. A guideline to safe school bus ride document is distributed to families and includes information for parents/caregivers and students.
2. School bus safety rules are posted inside buses.
3. Processes are established for managing student behaviours.
4. A school bus conduct report is used to support positive student behaviour.

Vehicle Maintenance/Condition:

1. Preventative maintenance is performed every three months or 5,000 kms, whichever is first.
2. Maintenance is tracked with software.
3. Inspection and maintenance are performed according to SGI school bus safety standards.
4. SGI inspections are performed annually.
5. Staff regularly review reports outlining required inspections to ensure SGI guidelines are met.
6. Technicians in bus yards able to assist drivers with immediate concerns.
7. Zonar (GPS) systems facilitate identifying maintenance concerns.

External Factors:

1. GPS on the buses.
2. School buses are equipped with two-way radios allowing for direct contact between drivers and the school bus office.
3. Standard accident reports are used to document collisions involving buses.
4. Safety checks completed at end of each shift to ensure no students remaining on bus.
5. Severe weather procedures are in place in partnership with school divisions.
6. Bus information phone hotline and Bus Planner Website provides late bus/cancellation notices.
7. School bus loading zones are reviewed during loading and unloading on a rotational basis.
8. Front door evacuation drills completed.
9. Any safety concerns are noted and addressed.

Risk Assessment:

While driver recruitment and retention have improved, it remains a risk factor. The division continues to maximize the number of double-looped buses to minimize busing costs, there is a risk to the delivery of on-time bus service. Contracted bus companies are looking to reduce operating costs to improve profitability which can result in fewer spare drivers and minimized office staff.

Continued upward pressure on costs for the school division is expected due to growing enrolment, additional costs for intensive supports transportation and price increases in contracts.

Transport Canada announced updated regulations surrounding school buses. Starting November 1, 2027, all new buses will require perimeter visibility systems, guidelines for optional exterior infraction cameras and mandatory signage to the back indicating the presence of a camera. Modifications to existing buses are not mandatory. However, the cost of new buses will increase for our contracted bus providers. This could lead to an aging fleet and more mechanical breakdowns as contractors try to extend the life of current buses or an increase to our upcoming contract if new buses are purchased.

Other factors that may influence future transportation costs:

- If boundaries are instituted to redistribute enrolment, there is a corresponding transportation cost to the school division.
- If additional special education programs are created, transportation costs will rise accordingly.
- Fuel costs

Future Initiatives:

As the budget process progresses, transportation at schools continues to be reviewed for efficiencies based on student enrolment numbers and next year's registration forms received. Discussions with Greater Saskatoon Catholic Schools will continue regarding any cost saving opportunities.

The school division is continuing to move towards more technology and expanding the number of schools able to utilize the Chipmunk app available by Hertz Northern Bus. First Student already provides an app for families called First View allowing access to GPS tracking of their specific bus routes as well as late bus notifications.

The Transportation and the Procurement departments are finalizing the student transportation contract between Saskatoon Public Schools, Greater Saskatoon Catholic Schools and First Canada ULC. Within the new contract, the school division will see new buses equipped with interior video surveillance to enhance safety measures during transportation.

Summary Comments:

Transportation continues to provide safe, on-time, and cost-efficient service for students across the school division. Ongoing monitoring of service quality, contract performance, and operational risks ensures that student needs are met within available resources.

MEETING DATE: MAY 12, 2026

TOPIC: STRATEGIC PLAN ACCOUNTABILITY REPORT: RELATIONSHIPS

FORUM	AGENDA ITEM	INTENT
<input checked="" type="checkbox"/> Board Meeting	<input type="checkbox"/> Correspondence	<input type="checkbox"/> Consent
<input type="checkbox"/> Committee of the Whole	<input type="checkbox"/> New Business	<input checked="" type="checkbox"/> Decision
	<input checked="" type="checkbox"/> Reports from Administrative Staff	<input type="checkbox"/> Discussion
	<input type="checkbox"/> Other:	<input checked="" type="checkbox"/> Information

BACKGROUND

Academic excellence, character, engagement, and well-being of students are at the heart of Saskatoon Public Schools' five-year strategic plan. The plan highlights our vision of each student being known, valued, and believed in. It emphasizes Saskatoon Public Schools' commitment to creating learning experiences that inspire all students to reach their potential and the importance of relationships, equity and accountability.

CURRENT STATUS

Attached is the accountability report for relationships which will be presented by Superintendent of Education, Dean Swan.

PREPARED BY	DATE	ATTACHMENTS
Dean Swan, Superintendent of Education Colleen Norris, Deputy Director of Education	May 5, 2026	Accountability Report

RECOMMENDATION

Proposed Board Motion:

That the board approve the Strategic Plan Accountability Report: Relationships, to be included as part of the director of education's 2025-26 evaluation.

At Saskatoon Public Schools every student is **Known • Valued • Believed In**

We are committed to creating learning experiences that inspire all students to reach their potential.

Accountability Topic: Relationships

Date of Board Meeting: May 12, 2026

Strategic Priorities:

<input type="checkbox"/> Academic Excellence	<input checked="" type="checkbox"/> Well-being
<input type="checkbox"/> Character	<input type="checkbox"/> Financial Stewardship
<input type="checkbox"/> Engagement	<input type="checkbox"/> Internal Business Processes

Commitments:

- Relationships (honouring diversity, welcoming and joyful spaces, and community partnerships)
- Equity (anti-racist/anti-oppressive practice, representative workforce, high expectations)
- Accountability (evidence-based practice, focus on Indigenous student success, ensure safe, caring, and accepting learning environments)

Key Measures:

1. OurSchool Student Measures for Relationships:

- Advocacy at School
- Positive student-teacher relations

Targets:

Students will experience safe, caring and accepting learning environments as Saskatoon Public Schools will foster caring and supportive relationships, honour diversity, create welcoming and joyful spaces, and develop and grow community partnerships. Increase advocacy at school by 0.1

- Increase positive student/teacher relations by 0.1

Key Initiatives Employed:

All staff contribute to strengthening relationships within our schools and communities. Safe, Caring and Accepting Schools (SCAS) supports this work through professional learning, resources, and targeted initiatives that help deepen practice across the division.

Professional Learning

- Saskatoon Public Schools (SPS) partners with the Saskatoon Industry Education Council (SIEC) to build staff capacity. Safe, Caring and Accepting Schools supported 51 teachers, counsellors and administrators to attend the Mind Over Matters workshop featuring Lori Desautels; this learning deepened understanding of how stress and neurobiology influence behaviour and learning, while reinforcing practical strategies such as co-regulation, predictable routines and prioritizing connection before correction.
- SCAS team members provide resources to SPS staff, including materials shared by community partners. These resources focus on promoting empathy, kindness, and respect, and may include topics such as anti-bullying, conflict resolution, dating safety, and online safety, among others.
- The SCAS team supports and promotes diversity by sharing information and resources that support gender and sexual diversity and by coordinating divisional participation in initiatives such as Pride Month activities, including Saskatoon Public Schools' representation in the Saskatoon Pride Parade since 2017, reinforcing inclusive environments where all students and staff feel a sense of belonging.

Partnerships, Collaboration, Resources

Saskatoon Public Schools works in partnership with families and community organizations to strengthen relationships and provide coordinated supports that promote student success.

- Saskatoon Public Schools supports individualized planning through coordinated, team-based approaches that respond to each student's strengths and needs, with staff collaboratively monitoring and adjusting supports. This work emphasizes positive student-staff relationships and is strengthened through partnerships with families and community organizations to promote student safety, well-being and a sense of belonging.
- Initiatives such as Following Their Voices and Indigenous Student Advocates continue to strengthen relationships, increase advocacy, and enhance connection for Indigenous students within their schools.
- Additional teaching staff to support classroom complexity has increased opportunities for timely intervention and targeted support within classrooms. This also provides students with access to another adult advocate, strengthening relationships through increased opportunities for check-ins, encouragement, and support when students are experiencing difficulties at school.
- SCAS collaboratively works with the Mental Health Capacity Building (MHCB) team, which is embedded at Bedford Road Collegiate, to promote positive mental health and well-being by building awareness, skills, and supportive environments for students, staff, and families. This includes classroom presentations on topics such as stress, anxiety, and self-regulation; school-wide initiatives that build connection and belonging, such as wellness challenges, cultural activities with Elders, and student-led engagement opportunities; and targeted

supports like Rapid Access Counselling to improve access for students and families. The work also includes professional learning for staff, family engagement opportunities, and partnerships with community organizations to expand resources and supports. Together, these efforts strengthen relationships, support individualized planning, honour diversity, and contribute to welcoming and inclusive school environments. Saskatoon Tribal Council supports Saskatoon Public Schools through the Child and Youth Mental Health Navigators Program. At wâhkôhtowin School, a Grade 6 girls group engaged 53 students between November and January, focusing on positive friendships, self-talk, and identity, reinforcing connection and supportive relationships within the school community.

- The Saskatoon Sexual Assault and Information Centre (SSAIC) continues to support Saskatoon Public Schools through safety-focused programming. Following legislative changes under Bill 137, sessions are delivered within the community rather than in schools, with the division sharing information with families to maintain access. I'm the Boss of Me (Grade 4) and No is a Full Sentence (Grade 8) focus on personal safety, consent, boundaries and respectful relationships, reinforcing the importance of safe, trusted adults.
- Navera Community Connections partners with Saskatoon Public Schools to deliver targeted, school-based mental health programming that strengthens students' relationships with peers, trusted adults, and themselves, particularly for those whose anxiety impacts engagement and learning. Finding the Warrior Within supports elementary students in Grades 3 to 6, reaching 18 groups in 2024 to 2025 and 10 groups so far in 2025 to 2026, with a focus on building confidence, connection, and a sense of belonging. Steps: From Anxiety to Resilience serves both elementary and collegiate students, supporting relationship skills such as communication, trust, and emotional awareness, with six groups across three collegiates and one elementary school in 2024 to 2025, and seven elementary groups participating to date in 2025 to 2026. Roots of Resilience, offered in two collegiates, further supports youth experiencing violence-related or mental health challenges by strengthening supportive relationships and connection to safe adults.
- Saskatoon Public Schools has partnered with Saskatoon Industry Education Council for Mental Health Week to support a division-wide student learning experience for students in Grades 6 to 12. Organized by SIEC, Saskatoon Public Schools has contributed to the co-planning of a student-led event delivered in partnership with the Stigma-Free Mental Health Society, where students will connect, share perspectives and explore strategies to support their mental health. Creating structured opportunities for students to share their perspectives reinforces that their input is valued and supports the development of positive student-teacher relationships, as well as increased advocacy at school.
- Saskatoon Public Schools partners with the Restorative Action Program (RAP) to support students in strengthening relationships and repairing harm when challenges arise. RAP workers are currently supporting students in Bedford Road, Centennial, Evan Hardy, Mount Royal, Nutana, Tommy Douglas, and Walter Murray Collegiates. Through restorative practices and guided conversations, RAP supports students to navigate conflict, build

relationships, and reconnect with their school community, contributing to safe, respectful learning environments.

- Administrative Procedure 367 – Bullying and Harassment – has been updated to provide clearer definitions, strengthen expectations for consistent reporting and response, and align with current legislation and division priorities. The update also emphasizes prevention, early intervention, and relationship-based practices to support safe, caring, and inclusive learning environments for all students and staff.
- Saskatoon Public Schools has invested in PSST World, an online safety reporting tool designed to support safer schools. It provides a channel for students and their families to report concerns. Information shared also helps schools identify when additional support is needed, including opportunities for staff to connect with students, build relationships, and provide timely intervention.

Data:

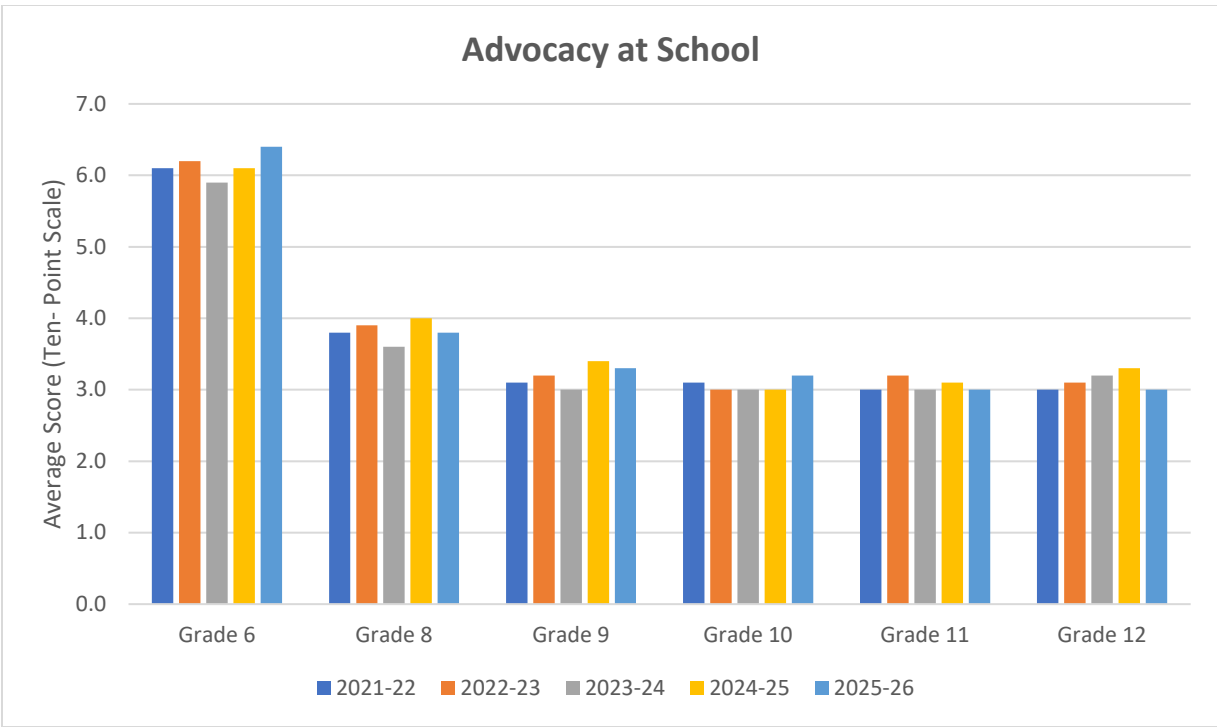

Key Measures from OurSCHOOL

Understanding students' experiences of positive relationships is an important part of creating safe, caring, and accepting schools. Saskatoon Public Schools staff use curriculum, classroom practice, and individualized planning to intentionally build connection, belonging, and a sense of safety for students.

To determine whether Safe, Caring and Accepting Schools initiatives are making a difference in this area, two measures from the OurSCHOOL survey have been selected to provide insight into student-teacher relationships: Advocacy at School and Positive Student-Teacher Relations.

The OurSCHOOL survey was conducted during the 2025–2026 school year, and this report reflects the most recent results. To enable year-over-year comparisons, this report focuses on the grades surveyed in both 2024–2025 and 2025–2026.

Advocacy at School: Students respond to questions about whether their teacher shows interest in how they are doing, encourages them, and checks in when they are experiencing difficulties at school. These responses reflect the extent to which students feel they have an advocate at school who consistently provides support and advice. Responses are provided on a Likert scale and are scored and reported on a ten-point scale.

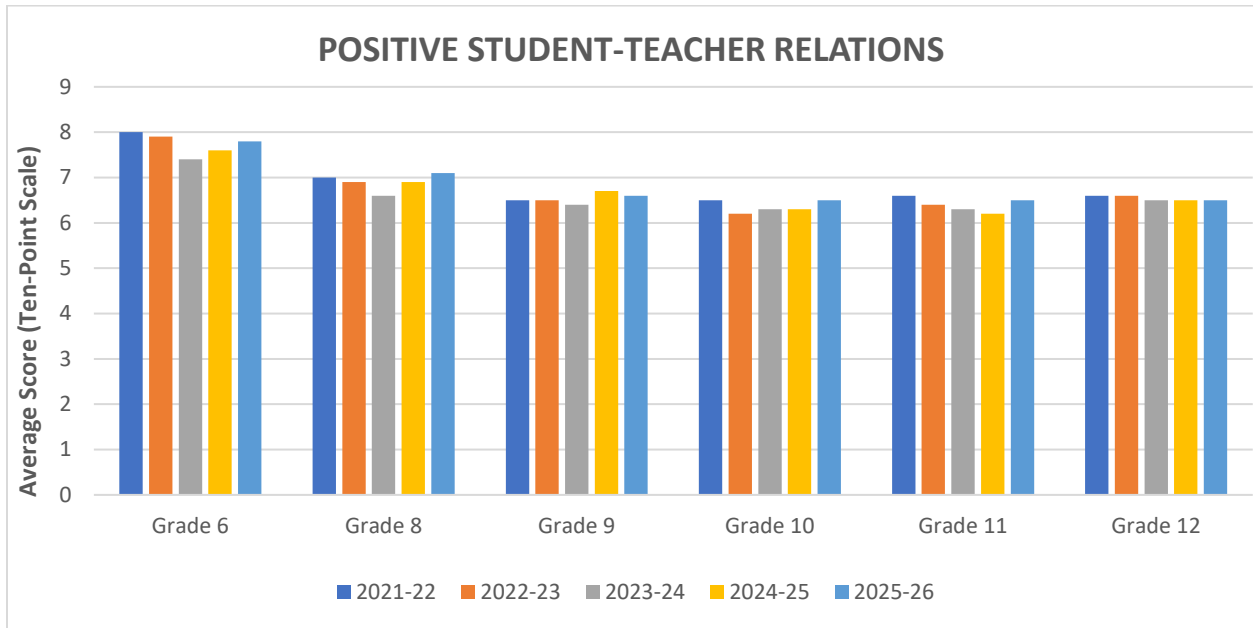

Advocacy at School						
	2021-2022	2022-2023	2023-2024 (spring)	2024-2025	2025-2026	Change from Fall 2024 to Fall 2025
Grade 6	6.1	6.2	5.9	6.1	6.4	0.3
Grade 8	3.8	3.9	3.6	4	3.8	-0.2
Grade 9	3.1	3.2	3	3.4	3.3	-0.1
Grade 10	3.1	3	3	3	3.2	0.2
Grade 11	3.0	3.2	3	3.1	3	-0.1
Grade 12	3.0	3.1	3.2	3.3	3	-0.3
Average	3.7	3.8	3.6	3.8	3.8	0

Overall, Advocacy at School scores have remained relatively stable across the past five years, with no significant change in the 2025–2026 school year compared to 2024–2025. While the division did not see an increase this year, results continue to demonstrate consistency across grade levels, although the target increase of 0.1 was not achieved.

Students in Grade 6 continue to report the highest levels of advocacy, with 2025–2026 reflecting the strongest results to date for this group. Other grades show minor fluctuations year to year, with no notable declines or gains, indicating a steady pattern across the system.

The division’s 2025–2026 average remains above the OurSCHOOL survey Canadian norm of 2.9, with an average of approximately 3.8, indicating that SPS students continue to report stronger access to adult advocacy at school compared to national benchmarks.

Positive Student-Teacher Relations is a measurement of the number of students who feel teachers are responsive to their needs and encourage independence with a democratic approach. Students are asked questions about whether their teachers treat them fairly, provide extra help and support and whether their teachers show interest and care. The data are reported on a ten-point scale, with results presented as the average score for positive teacher-student relations.

Positive Student-Teacher Relations						
	2021-2022	2022-2023	2023-2024 (spring)	2024-2025	2025-2026	Change from Fall 2024 to Fall 2025
Grade 6	8.0	7.9	7.4	7.6	7.8	0.2
Grade 8	7.0	6.9	6.6	6.9	7.1	0.2
Grade 9	6.5	6.5	6.4	6.7	6.6	-0.1
Grade 10	6.5	6.2	6.3	6.3	6.5	0.2
Grade 11	6.6	6.4	6.3	6.2	6.5	0.3
Grade 12	6.6	6.6	6.5	6.5	6.5	0
Average	6.9	6.8	6.6	6.7	6.8	0.1

Overall, Positive Student-Teacher Relations have shown a slight increase from 2024–2025 to 2025–2026, with the division average rising from 6.7 to 6.8. While changes are modest, this reflects a continued positive trend and a strengthening of student-teacher relationships across the system, with the target increase of 0.1 achieved.

Students in several grades, including Grades 6, 8, 10, and 11, reported increases in 2025–2026, with Grade 11 showing the largest gain. Other grades remained stable, indicating consistent experiences across the division.

The division's 2025–2026 average remains above the OurSCHOOL survey Canadian norm of 6.3, with an average of 6.8, indicating that SPS students continue to report stronger relationships with teachers compared to national benchmarks.

Rationale and Analysis

In SPS, students rated Advocacy at School at similar levels across groups, with male students reporting 3.5 out of 10 and female students 3.3 out of 10, both above the Canadian norms. Advocacy results are generally consistent across grades, though scores are highest in earlier grades and gradually decline in later years, likely reflecting the increased time younger students spend with a consistent classroom teacher. Across elementary and collegiate settings, results remain above the Canadian norm and reflect the collective efforts of school staff in building strong student relationships. Targeted supports such as Classroom Complexity Teachers (CCTs), school counsellors, Restorative Action Program (RAP) workers, and Indigenous Student Advocates (ISA) also contribute to strengthening student connection and access to support. Indigenous students reported advocacy at 3.5, compared to 3.3 for non-Indigenous students. This is encouraging and may reflect the impact of targeted supports and initiatives, including Indigenous Student Advocates, Following Their Voices, and school responses to student survey data.

In SPS, Positive Student–Teacher Relations increased slightly by 0.1, with male students reporting an average of 6.8 and female students 6.7. Results remain above the Canadian norm, indicating continued strength in relationships across the division. When examining Indigenous and non-Indigenous student data, a consistent difference remains across most grades, typically ranging from 0.3 to 0.5, with Indigenous students reporting slightly lower perceptions of student-teacher relationships. While results remain positive overall, Grade 9 Indigenous student data is notably lower than other groups and stands out as an area for focused attention. This aligns with the transition into high school, where changes in structure, increased independence, and more complex schedules can impact relationship-building.

Overall, these results indicate that advocacy at school and student-teacher relationships in SPS remain strong, with an opportunity to further strengthen connections for Indigenous students, particularly at critical transition points such as Grade 9.

Risk Assessment:

Strong student-adult relationships are a critical protective factor for student well-being, engagement and achievement. Students who feel connected to teachers are more likely to attend regularly, experience a sense of belonging and achieve positive academic and social outcomes, while disconnection increases the risk of absenteeism and mental health challenges.

The Saskatchewan Advocate for Children and Youth 2024 Annual Report emphasizes the importance of safe, supportive environments, consistent adult relationships, and early, coordinated intervention in reducing risk for young people. While many factors influencing student well-being extend beyond the education system, the Provincial Education Plan and Saskatoon Public Schools' strategic priorities reinforce the importance of belonging, advocacy, and strong relationships. Schools play a central role in providing these daily connections, particularly when access to external supports may be limited. Ongoing investment in culturally responsive practices and targeted

supports remains essential to ensure all students experience a sense of belonging, connection, and support.

Future Initiatives:

To further support student well-being, some examples of key future initiatives are highlighted below:

Specialized Support Classrooms. SCAS works with Specialized Support Classrooms (SSC) through ongoing collaboration with school teams, including planning with teachers to create responsive classroom environments, developing individualized and classroom plans, and making recommendations to strengthen student support. Smaller, more structured SSC environments allow for stronger relationships and more coordinated advocacy, helping students navigate challenges and remain engaged in learning. SCAS works alongside staff to build capacity while supporting improved student outcomes and more effective learning environments for students requiring additional behavioural and regulatory support. The planned expansion of SSC programming in the next school year will further strengthen this work, increasing access to targeted supports for students and staff across the division.

Class Complexity and Intervention (CCI) Team. The SCAS team will continue partnering with the CCI team to support teacher interventionist work focused on strengthening relationships, student advocacy, and inclusive practices. This ongoing work includes modelling and coaching strategies such as student check-ins, co-regulation, and predictable routines, while supporting staff in planning with a focus on connection and engagement.

Community Partnerships. SPS continues to work with several partners to strengthen relationships across schools. This includes ongoing collaboration with the Saskatoon Industry Education Council to develop and implement supports, with a continued focus on resources that build social and emotional learning and positive connections for both students and staff. SPS works with Family Service Saskatoon to establish presentations for students related to healthy relationships. SPS will continue working with the Restorative Action Program (RAP) to strengthen the partnership, with the intent of expanding access to additional collegiates as capacity and funding allow. In addition, SPS is strengthening its partnership with the Saskatoon Tribal Council through initiatives such as the Child and Youth Mental Health Navigators Program, supporting relationship-building and connection for students. Work with Navera Community Connections will continue to expand programming, including enhanced student sessions, family engagement opportunities, and educator resources to further support relationship development.

Targeted Support for Student Transition to High School. In collaboration with Class Complexity and Intervention (CCI) and the First Nations, Métis and Inuit Education Unit (FNMI), a Grade 8–9 transition gathering has been planned to prepare students for entry into high school, fostering a sense of belonging and confidence through connections with Elders, Traditional Knowledge Keepers, guest speakers and high school student voices within their future school community. The day is structured in a workshop format, with sessions focused on identity, worldview, leadership, wellness, self-advocacy and relationship building, alongside hands-on cultural learning opportunities.

Providing Information and Resources. The SCAS team will continue to expand and enhance the sharing of resources with SPS staff to support inclusive, safe, and respectful school environments. This work will focus on improving access to timely, relevant resources that strengthen relationship safety, promote advocacy, and support positive student-teacher relationships, while continuing to support and promote diversity through initiatives such as Pride Month activities that reinforce a sense of belonging for all students and staff.

Summary Comments:

Saskatoon Public Schools is committed to creating safe, caring and accepting schools where students experience a strong sense of connection, support and belonging. OurSCHOOL measures, including Advocacy at School and Positive Student Teacher Relations, provide insight into these experiences. The current and future initiatives outlined above ensure that Saskatoon Public Schools continues to strengthen relationships and advocacy at school through intentional classroom practices and individualized planning.
