WHY CHOOSE SASKATOON PUBLIC SCHOOLS?

At Saskatoon Public Schools, our vision is that every student is **known**, **valued** and **believed in**.

This vision can be achieved by focusing on four student goals:

- Academic excellence
- Character
- Engagement
- Well-being.

We are committed to creating learning experiences that inspire all students to reach their potential.

We believe in safe, caring and accepting schools. Our goal is to provide school environments that are safe and caring places where excellence in learning is a priority and everyone feels included. Our schools are open to all. We want every student to feel respected and have a sense of belonging.

We inspire our students to reach their potential. Our elementary schools and collegiates are home to several unique academies and programs for students with specific interests. Many of these programs can only be found at Saskatoon Public Schools. Whether it is challenging students through our SAGE program, providing valuable, hands-on learning through apprenticeship courses or introducing them to their natural environment through our education for sustainable development offerings, we are providing experiences students will never forget.

We believe in being culturally responsive. We want our learning environments, our classroom teachings and our instructional practices to be respectful of our diverse community. We collaborate with community members on the shared goal of developing strong learners, schools and systems. Being more responsive will improve student achievement and engagement, with an emphasis on First Nation, Inuit and Métis students.

UNIQUE PROGRAMS

Saskatoon Public Schools offers the most diverse programming options in Saskatchewan. We work hard to ensure all students are engaged in their learning.

For detailed information on these and other programs, including how to register, please visit saskatoonpublicschools.ca or call the associated school.

GRADE 12 COMPLETION & UPGRADING OPTIONS

Students ages 18 to 21 who have graduated and want to upgrade courses or who have not completed the requirements for Grade 12 graduation, can register at Nutana Collegiate or the Royal Adult Campus at Mount Royal Collegiate.

Students can take up to two courses per school year.

- If registered by September 30, there is no tuition.
- If registered after September 30, tuition is \$500.

Saskatoon Public Schools no longer offers online courses. Students interested in online learning can find information on registration with the Saskatchewan Distance Learning Centre at saskdlc.ca.

REGISTRATION PROCESS

For information on admission, please contact Mount Royal Collegiate at 306-683-7800 or Nutana Collegiate at 306-683-7580.

STUDENTS AGES 22+

Saskatoon Public Schools is pleased to work with the following education partners to support learners ages 22+:

- Saskatchewan Polytechnic
- Gabriel Dumont Institute of Native Studies and Applied Research
- Great Plains College
- Saskatchewan Indian Institute of Technologies (SIIT)

Please contact one of these institutions to inquire about continuing your learning journey.

HIGHLIGHTS

- Internationally recognized
- University-level course work
- Potential to earn university credits
- Variety of courses offered in Saskatoon Public Schools
- Rigorous academic opportunity

ABOUT ADVANCED PLACEMENT

Advanced Placement (AP) courses are options for capable students who want to enrich and challenge themselves in particular subjects by working on university-level material while still in high school. Students can earn university credit and must be committed to thinking and working at a high level. Students can choose a single AP course or a combination of AP courses that suit them (provided they have the prerequisites).

Students can also challenge any of the AP courses, even if that course is not offered in their home school. Students wishing to challenge must independently prepare and notify their school's student services office by November.

ADVANCED PLACEMENT IN SASKATCHEWAN

Both the University of Saskatchewan and the University of Regina, along with almost all Canadian universities, grant credit to students earning a score of four or five in AP courses. Most American universities give credit for scores of three, four or five. The student's score is based entirely on either an extended May exam or, in Art & Design and Drawing, on a portfolio submitted in May. This university credit is for a first-year class, which saves students tuition and gives them more flexibility in their timetables.

CREDITS

- AP Art & Design and Drawing
- AP Biology
- AP Calculus
- AP Computer Science
- AP Chemistry
- AP English
- AP Physics
- AP Psychology
- AP Statistics

FEE

\$135 per exam

FLEX PROGRAM

Estey School

PHONE: 306-683-7540

EMAIL: esteyschool@spsd.sk.ca

WEB: <https://www.spsd.sk.ca/esteyschool/programs-2>

INSTAGRAM: [instagram.com/flex_estey](https://www.instagram.com/flex_estey)

ABOUT THE FLEX PROGRAM

Estey School, located at 441 Witney Ave N, is home to the Flexible Schedule Blended Learning (FLEX) program for students in grades 6 to 12. The program is for those who would benefit from a flexible schedule/blended learning environment due to their participation in athletic or artistic activities during regular school hours.

DIVERSE COMMUNITY

Students come together from in and around Saskatoon to form a community of learners, where they share their passion for the arts and/or athletics. Current and former students in the FLEX program participate in the following activities: baseball, basketball, biathlon, cello, choir, cross fit, dance, diving, equestrian, figure skating, gymnastics, hockey, music, piano, rhythmic gymnastics, skiing, soccer, softball, squash, swimming, track and field, volleyball, wall climbing, water skiing, weight lifting and wrestling. Any student preparing to start grades 6-12 - who dedicates time to an arts or athletic program outside of school - is eligible to apply for the FLEX program.

REGISTRATION PROCESS

Due to the individual needs of each artist/athlete, we welcome you to book a time to meet personally with our FLEX team and ask any questions you may have. Application forms can be found on the FLEX program website.

What our students say about the FLEX program:

"In the FLEX program there is more of an opportunity to participate in my activity and still focus on my academics. I would recommend it to anyone who has a passion for a specific activity and currently struggles balancing school and their activity."

"The FLEX program allows me to put in more hours of training so that I can compete at a high level of diving and perform to the best of my abilities. I train during the school day without missing as much class time as in a regular school."

HIGHLIGHTS

- All grades 6 to 9 curricula covered and comprehensive grades 10 to 12 programs
- Blended learning environment
- Flexible school day schedule
- Fosters independence, time management and responsibility
- Follows the SPS Secondary School Calendar for all grade levels

Education with flexibility!

FULL STEaM AHEAD

Marion M. Graham

PHONE: 306-683-7750

EMAIL: harmask@spsd.sk.ca or bootsr@spsd.sk.ca

WEB: www.spsd.sk.ca/marionmgramham/full-steam-ahead

Science, Technology, Engineering and Mathematics
Marion M. Graham (Grade 9)

Does a future career in engineering and technology appeal to you? Do you want to learn and partner with experts from the College of Engineering at the University of Saskatchewan, SaskPolytech and other amazing local businesses? If so, Full STEaM Ahead is for you!

Full STEaM Ahead is a Grade 9 program where students explore science, technology, engineering and mathematics in a project-based, integrated approach and out-of-school experiences while meeting the outcomes of three required Grade 9 courses:

- English Language Arts 9A
- Science 9
- Math 9.

Students in the program will learn 3D printing, computer-aided design (CAD), coding and circuitry, among other skills. The program is open to English and French Immersion students, and it runs for half the school year.

Questions about Full STEaM Ahead? Please contact Kyle Harms at harmask@spsd.sk.ca or Jo Boots at bootsr@spsd.sk.ca.

REGISTRATION

There is no application form for STEaM. You may register as usual and simply indicate your interest in joining this program in the registration process.

Full STEaM Ahead accepts registrants as space allows.

STEaM = Science. Technology. Engineering. and. Mathematics!

INTERNATIONAL BACCALAUREATE (IB) DIPLOMA PROGRAMME

Aden Bowman Collegiate

PHONE: 306-683-7634

EMAIL: speirj@spsd.sk.ca

WEB: spsd.sk.ca/international-baccalaureate-diploma-programme

Bedford Road Collegiate

PHONE: 306-683-7681

EMAIL: buglassk@spsd.sk.ca

ABOUT THE INTERNATIONAL BACCALAUREATE DIPLOMA PROGRAMME

International Baccalaureate (IB) World Schools are schools that share a common philosophy: a commitment to high quality, challenging, international education. The IB Diploma Programme (for grades 11 and 12) was designed for students ages 16 to 19 who are academically motivated and desire the rigorous curriculum as a preparation for post-secondary study. A student who completes the IB Diploma Programme will gain an enhanced set of organizational, writing, speaking and collaborative skills and will be actively recruited by most universities in Canada, the United States and the world. Students who complete an IB diploma will also achieve a Saskatchewan high school diploma.

COMMUNITY OF LEARNERS

The International Baccalaureate Diploma Programme strives for excellence in preparing students for the future. Saskatoon Public Schools values the fact that our community is very much part of the global consciousness. That global awareness — combined with scholarship and our vision that every student is known, valued and believed in — fits perfectly with the International Baccalaureate organization's mission to encourage students to become active, well-rounded, influential citizens of their local and global communities.

ADMISSION REQUIREMENTS

Students preparing for Grade 11 - who are motivated and seeking a challenging, well-rounded approach to their studies - should apply. It is important to be aware of the course options that will satisfy the prerequisites for the IB Diploma Programme. Optional programming is offered at the Grade 9 and Grade 10 levels and serves as a preparation for the IB Diploma Programme. See application information at www.spsd.sk.ca/international-baccalaureate-diploma-programme.

HIGHLIGHTS

- Enjoy university recruitment, scholarships and advanced admission offers
- Do independent research
- Develop a spirit of community service
- Develop the skills essential to success in post-secondary study
- Opportunities for student travel and collaboration with other IB students

FEES

- New students entering the two-year IB Diploma Programme will be charged a fee of \$2,500.
- Students not taking the diploma program will be charged an individual IB course fee of \$400 per course.

PRE-ENGINEERING

Bedford Road Collegiate

PHONE: 306-683-7656

EMAIL: bedfordroadschool@spsd.sk.ca

WEB: www.spsd.sk.ca/bedfordroad/pre-engineering

ABOUT PRE-ENGINEERING

The pre-engineering program is for students in grades 10 and 11. Based at Bedford Road Collegiate's Cameco Centre of Excellence in Science and Mathematics, the program sees students use unique, hands-on learning stations to develop the technical and communication skills needed to solve problems. Students use these skills to design and document a solution to an authentic engineering challenge at the end of term.

An emphasis is placed on knowledge, skills and attributes that are essential in the field of engineering. These include co-operative work skills, goal setting, time management, ethics and critical thinking.

DIVERSE COMMUNITY

Successful Pre-Engineering students are independent and self-motivated. They enjoy problem solving in a science and mathematics environment.

EQUIPMENT

Some of the training stations for the Pre-Engineering program include:

- Design Processes (Computer Assisted Design): Students learn a working knowledge of computer-assisted drawing (CAD) software, in both design and interpretation.
- Manufacturing Processes I (CNC): Students learn how to program and operate a computer numeric control (CNC) mill for design applications.
- Manufacturing Processes II (3-D Printing): Students learn to design and create objects using a 3-D printer.
- Fluids (Pneumatics): Students use simulated and real fluid control components for the purpose of design and analysis.
- Electrical Systems: Students learn the design and analysis of electrical circuits using a hands-on approach.
- Robotics: Students learn how to program, edit and run robot control tasks for the purpose of solving problems.
- Electrical/Computer Control: Students learn the design and application of Program Logic Control (PLC) components.

HIGHLIGHTS

- Team environment
- Hands-on learning
- Learn about engineering and science-related careers
- Develop technical, communication and problem-solving skills

CREDITS

- Pre-Engineering 10 and 20 meet the curricular requirements of the Design 10 and 20 Practical Applied Arts (PAA) credits.
- PAA30 credit available for Guitar and Amp Construction 30.
- The four major content areas of the program are:
 - Design fundamentals
 - Problem solving
 - Skill development
 - Communications.

ELEMENTARY (grades 5 to 8)
Caswell Community School
Greystone Heights School

COLLEGIATE
Bedford Road Collegiate (grades 9 to 11)
Walter Murray Collegiate (grades 9 to 12)

EMAIL: SAGE@spsd.sk.ca
WEB: www.spsd.sk.ca/sage-gifted-education

ABOUT SAGE

Saskatoon Public Schools Academically Gifted Education (SAGE) is a program for gifted students in grades 5 to 12. In a congregated SAGE classroom, the interaction with intellectual peers results in rapid growth of student learning, allowing social skills to grow while intellectual needs are met. Congregated classrooms concentrate on meeting what research tells us are the unique socio-emotional needs of gifted learners. Students work as peers to hold each other accountable to a high level of thinking. Non-conformity, challenge and creativity grow through interaction with other gifted students, causing many students to report that they belong or feel challenged for the first time.

DIVERSE COMMUNITY

Students come together from across the city to attend the SAGE program at one of four schools (two elementary, two secondary) where it is offered. Students represent a wide variety of backgrounds and talents. What ties these students together is their intellectual talent and their need to make connections with others who understand and accept them.

APPLICATION PROCESS

A combination of teacher observation, assessment data, characteristics of giftedness and student work are used to help identify students who may benefit from SAGE programming.

For elementary programs, students in all Grade 4 classrooms have an opportunity to be identified as possibly benefiting from gifted programming. Once the referral process is complete, the SAGE committee contacts specific parents/guardians to encourage them to consider having their child attend the Grade 5 SAGE classroom at the school within the correct catchment area.

For secondary programs, Grade 8 students may be identified as possibly benefiting from gifted programming. The secondary SAGE referral process takes place from December through February and includes a student writing component. Referred students can indicate which collegiate they would prefer to attend.

Admission at grades other than Grade 4 and Grade 8 is through a referral process depending on program availability.

HIGHLIGHTS

- Program for grades 5 to 12
- Congregated classroom setting for gifted students
- Inquiry is extended
- Interdisciplinary focus
- Continuity of teaching/learning style
- Application of knowledge
- Focus on divergent thinking

NOTE: In elementary school, student placement is based on the neighbourhood the student lives in.

COLLECTIVE VOICE

Aden Bowman Collegiate

PHONE: 306-683-7600

EMAIL: adenbowmanschool@spsd.sk.ca

WEB: www.spsd.sk.ca/adenbowman/collective-voice

ABOUT COLLECTIVE VOICE

Collective Voice is a unique, half-day, full-year program for Grade 9 students that places an emphasis on learning through collaboration, group work and community building. Using the themes of Social Studies 9 as a driving force, the program focuses on studying both historical and current causes of inequality and injustice in Canada and around the world, and growing citizens who will help build a sustainable future. Student learning focuses on the connections between land, culture, history, environment, literature and justice. Collective Voice students share their learning with each other and with our city through a partnership with Saskatoon's community radio station CFR 90.5 FM. Other highlights of the program include a collaborative and democratic learning environment and out-of-school experiences.

DIVERSE COMMUNITY

Collective Voice students come together in September as a group of strangers and quickly form a family-like community. Students come to Aden Bowman from all over Saskatoon and beyond, though a limited number of students are accepted into the program each year. Students bring a wide variety of skills and experiences into the program, but first and foremost students must be co-operative and willing to learn as part of a group. Collective Voice may be the right program for you if you are a self-starter, a responsible learner, a co-operative team member and interested in having a positive impact on your community.

APPLICATION PROCESS

Applications are available online through the Aden Bowman website, from your elementary school teacher or by request via email. The application requires the student to show a commitment to always putting their best effort into the task at hand. Applications are due in late February/early March. Late applications may be considered as space allows. Criteria for a successful application is included in the online form. All students who meet the criteria will be entered into a lottery selection process and participate in a face-to-face interview.

HIGHLIGHTS

- Learning in community and making friends
- Partnership with CFR 90.5 FM
- Learning about yourself, your community and your world
- A focus on digital literacy, digital citizenship and social media literacy
- Podcasting

CREDITS

- English Language Arts 9A and 9B
- Social Studies 9
- Arts Education 9

...finding your voice and sharing it!!

CREATIVE ACTION

North Park Wilson School

PHONE: 306-683-7380

EMAIL: creativeaction@spsd.sk.ca

WEB: www.spsd.sk.ca/northparkwilson/creative-action

ABOUT CREATIVE ACTION

As a Centre of Excellence Through the Arts, North Park Wilson School believes in the power of learning through artistic endeavours. Music, dance, drama and visual art can ignite students' passion to become engaged citizens. Creative Action is a specialized, inquiry driven, full-year program for Grade 8 students who desire the opportunity to develop their unique artistic voice and challenge social justice issues in our community. Students collaborate with a variety of artists/partnerships throughout the city and province while working on Grade 8 curriculum in a creative, unique and experiential classroom. Creative Action nurtures Saskatoon's next generation of local citizens, artists, advocates and leaders.

Based on research, the program is guided by the belief that:

- Our changing world needs students who can think creatively and who collaborate to explore thoughtfully and engage deeply
- Our students will build their confidence by discovering their full potential through the arts
- Our students will have a sense of belonging and develop strong connections to each other and the wider community
- Our students will identify and share their understandings, beliefs and opinions about local and global issues.

DIVERSE COMMUNITY

Creative Action students come from neighbourhoods across Saskatoon. As a result, the class is composed of students from diverse backgrounds. This diversity is an asset in our classroom as students learn to establish their voices and honour a variety of ideas and perspectives. Creative Action students have opportunities to collaborate creatively to spark positive change in our community.

APPLICATION PROCESS

Students heading into Grade 8 from Saskatoon Public Schools are invited to apply for this exciting opportunity. Please ensure all application requirements are complete. A program committee will adjudicate each applicant and successful candidates will be placed in a lottery. For more information, please visit the website at www.spsd.sk.ca/northparkwilson/creative-action.

HIGHLIGHTS

By providing opportunities to explore, create, discover and strengthen skills through Creative Action, students will:

- Be engaged citizens who understand their rights and responsibilities to use their voice and take action
- Be confident leaders who connect with various communities in a meaningful way
- Explore cultural contexts of artists/art forms to recognize the relevance and power of the arts
- Inspire change through their creative expressions

ECOQUEST

City Park School

PHONE: 306-683-7550

EMAIL: cityparkschool@spsd.sk.ca

WEB: www.spsd.sk.ca/citypark/ecoquest

ABOUT ECOQUEST

Join our mobile Grade 8 classroom where students experience everyday adventures while learning in urban and wilderness settings. Why leave the classroom? To learn experientially, it's necessary. No two months in our students' planners look alike. We plan and sequence experiences based on seasons, student ability and the focus of study. The places we visit become the teacher, and the experiences and personal relationships form the content. With Ecoquest you will be challenged to strengthen your social and academic skills. This intensive experience will most benefit students who thrive on actively participating in the world around them.

DIVERSE COMMUNITY

Students successfully transition to a new school by creating a new community together, which values inclusion and collaboration. At the beginning of the year students learn that Ecoquest functions like an ecosystem, with each relationship strengthening the whole. Each year Ecoquest alumni remark on the strong friendships they have built in the program. Similar to the biodiversity in ecosystems, the Ecoquest class benefits from diversity. Each year students learn to bike or bus from all corners of the city. Any Saskatoon Public School student preparing for Grade 8 is welcome to apply.

GETTING GEARED UP FOR ECOQUEST

- Functioning bike
- Bike helmet
- Map of Saskatoon
- Rain jacket and pants
- Warm winter boots
- Day pack
- Sleeping bag

Ecoquest provides the class with seasonal equipment such as cross-country skis, snowshoes, tents, camp stoves, etc. We will make every effort to make additional gear accessible.

APPLICATION PROCESS

Students are eligible for the selection process based on completion of the application package found at www.spsd.sk.ca/citypark/ecoquest. It includes a student registration form, student essay, school evaluation and student self-assessment. The school evaluation and student essay will be assessed by the committee. All applicants meeting the eligibility will be put into a lottery. Applications are due in late April/early May.

Find Your Place

HIGHLIGHTS

- Independence and responsibility
- Gain confidence
- Outdoor skill development
- Nature immersion
- Active living
- Navigation
- Multi-day excursions

GRADE 8 IN ECOQUEST

- Focus on ecology and social justice
- Project-based learning
- Integrated Grade 8 curriculum
- French/band not offered

HIGH SCHOOL CARPENTRY APPRENTICESHIP PROGRAM (HCAP)

Mount Royal Collegiate

PHONE: 306-683-7800

EMAIL: mountroyalschool@spsd.sk.ca

WEB: www.spsd.sk.ca/mountroyal/high-school-carpentry-apprenticeship-program

INSTAGRAM: [Instagram.com/hcap_spsd](https://www.instagram.com/hcap_spsd)

ABOUT THE HIGH SCHOOL CARPENTRY APPRENTICESHIP PROGRAM

In the High School Carpentry Apprenticeship Program (HCAP), students experience all aspects of the residential construction industry by building an RTM home from the ground up. They experience the enormous pride and satisfaction that comes from completing a major residential project. Students are guided throughout the home-building process by seasoned tradespeople from a variety of trades. HCAP students are building their future in the construction and carpentry industry. Students earn four credits in this program and can gain up to 640 hours towards their apprenticeship through the apprenticeship board and the Saskatchewan Youth Apprenticeship program. HCAP is open to all grades 11 and 12 students.

SAFETY

Journeyman contractors work with students throughout the building of the home to oversee and to ensure all stages of the build meet national building code requirements. Students receive safety training and certification throughout HCAP to provide them with the proper safety measures to mitigate the risk of workplace-related injuries. It is recommended that students have their Construction and Carpentry 10 or Woods 10 prior to participating in HCAP.

APPLICATION PROCESS

Applications are available online at www.spsd.sk.ca/mountroyal/high-school-carpentry-apprenticeship-program or at any Saskatoon Public Schools collegiate student services office. Successful applicants will be contacted.

HIGHLIGHTS

- CPR/First Aid
- Fall protection
- Saskatchewan construction online training
- Saskatchewan Youth Apprenticeship
- WHMIS
- Powder-actuated fastening system
- Earn up to 640 hours towards apprenticeship

CREDITS

- Career Work Ed 30A and 30B
- Practical and Applied Arts 30A and 30B
- Credit of choice to be taken in period 1

École College Park School/Sherbrooke Community Centre

PHONE: 306-683-7170

EMAIL: collegeparkschool@spsd.sk.ca

WEB: www.spsd.sk.ca/collegepark/igen

ABOUT iGEN

iGen is short for Intergenerational Classroom. Grade 6 students selected from Saskatoon Public Schools spend one year in a unique classroom experience at Sherbrooke Community Centre. Students in the iGen classroom learn and work with their teachers, Sherbrooke residents and Sherbrooke staff. Students learn the curriculum while spending time with those of different generations and with different gifts. Students are encouraged to find their own gifts and to create relationships with peers and residents.

DIVERSE COMMUNITY

The iGen classroom is located at Sherbrooke Community Centre, a vibrant and caring home where people requiring specialized care reside. Sherbrooke Community Centre is located close to École College Park School and provides housing, support and programming to individuals who are elderly or may have disabilities or health needs. Each day there are opportunities to engage in service learning and to receive the benefits of working with others. Students are registered at College Park and participate in some of the school's programming, including physical education, fine arts, band and extracurricular activities.

EQUIPMENT

iGen students are required to provide general school supplies. Students walk to and from École College Park School each day all year, so appropriate outerwear is necessary. Students may require occasional admission or camp fees throughout the year for excursions. There are no extra fees or registration costs for joining the iGen program.

APPLICATION PROCESS

Saskatoon Public School students preparing for Grade 6 may apply. This life-changing experience is open to students from across the city and the classroom is made up of students from many different neighbourhoods. Application packages are available at École College Park School or online starting in March of each year. Applications can be returned to École College Park School.

HIGHLIGHTS

- Unique classroom setting
- Leadership and character-building focus
- Building relationships with people of different generations, needs and gifts
- Giving and receiving from others
- Opportunity to experience learning in a health facility
- Field trips and community connections take students outside the walls of the classroom
- Hands-on and experiential learning bring the curriculum to life

LET'S LEAD—NĪKĀNĒTĀN

Westmount School

PHONE: 306-683-7490

EMAIL: westmountschool@spsd.sk.ca

WEB: www.spsd.sk.ca/westmount/let-s-lead-nikanetan

INSTAGRAM: [instagram.com/letsleadye](https://www.instagram.com/letsleadye)

ABOUT LET'S LEAD — NĪKĀNĒTĀN

Through experiential education, students in Let's Lead — Nīkānētān plan for their future by developing leadership and teamwork skills in a culturally responsive way, thereby enriching their lives and our community. Let's Lead — Nīkānētān is a full-year program for Grade 8 students who enjoy being in the outdoors and want to improve their leadership and teamwork skills while working on the Grade 8 curriculum in a practical and experiential format.

DIVERSE COMMUNITY

Let's Lead—Nīkānētān is for students who want to spend their entire year learning the curriculum through hands-on, out-of-school experiences. It is for young people who have shown the potential for leadership and would like to develop it further. Our program is geared toward those students who have this potential but may not have been able to realize or develop it due to financial barriers.

EQUIPMENT AND COSTS

Saskatoon Public Schools, along with Westmount School, provides the teachers, facilities and equipment. Students will not be required to pay any fee to participate in the program. There will be times when the students are expected to help with a fundraiser or community service. The program supplies all of the equipment, including backpacks, tents, sleeping bags and rain gear. There is no cost for equipment, student gear, food on trips, bus passes and travel.

APPLICATION PROCESS

More information about the Let's Lead—Nīkānētān program and the application process are available at www.spsd.sk.ca/westmount/let-s-lead-nikanetan. Applications are due late April/early May. If you have any questions after looking at our website, please email westmountschool@spsd.sk.ca.

HIGHLIGHTS

- Relationship-building between students and staff
- Integrated, project-based learning assessment using criteria and not marks
- Planning for the future, including career education and self-confidence building
- Teamwork and leadership development
- Leading students in other schools in many activities
- Cultural responsiveness in what we learn and how we learn
- Experiential education with hands-on learning in all that we do
- Being able to choose and deal with the consequences of those choices
- Fun and enjoyment

MEDIA SCHOOL

Evan Hardy Collegiate

PHONE: 306-683-7700

EMAIL: evanhardyschool@spsd.sk.ca

WEB: www.spsd.sk.ca/evanhardy/media-school

INSTAGRAM: [instagram.com/mediaschoolehci/](https://www.instagram.com/mediaschoolehci/)

ABOUT MEDIA SCHOOL

Media School is a dynamic, integrated program that helps Grade 11 students grow into independent learners in a caring community setting. Through various short film projects such as music videos, movie monologues, documentaries and 6 Roles Films, students develop filmmaking skills such as screenwriting, directing, editing, lighting, acting, costuming, makeup and sound recording. Unique experiences in Media School include our semi-annual leadership retreat, where we make films and develop community, and an escape room — where students hone their production design, costuming, makeup and acting skills. All of this is done in the Media School facility with editing workstations, no bells and the freedom to explore learning.

DIVERSE COMMUNITY

In Media School, students join in a hands-on, real-world intensive education focused on authentic film and media production. Media School takes all kinds. If you are passionate about films (watching them and making them), screenwriting, acting and directing, costuming, makeup, editing and anything else related to film, Media School may be the program for you! We take top academic students and students who struggle in the traditional school model. We accept students who are passionate about filmmaking regardless of experience.

EQUIPMENT

Media School provides top professional and semi-professional equipment. The same programs and technology used on the feature films currently in theatres are used by our students. To create their personal productions, students use audio recording and engineering software and equipment, professional grip and lighting equipment, and the supplies and software needed to create a range of physical and CGI effects.

APPLICATION PROCESS

To apply to Media School, please fill out the unique programs application form available through your school's student services office or online on the Media School website.

HIGHLIGHTS

- Making movies and learning all about pre-production, production and post-production
- 6 Roles films will be played at "Oscar Night" at The Roxy Theatre or online
- Learn from top media professionals
- Learn the techniques of your favourite films while in high school

CREDITS

- English Language Arts 20
- Media Studies 20
- Communications Media 20 and 30
- Credit of choice (depending on availability)
- Set Safety and Protocol Certification
- Possibility of additional credit(s)

MONTESSORI

EMAIL: cityparkschool@spsd.sk.ca

WEB: www.spsd.sk.ca/montessori

Lakeridge School
CASA (KINDERGARTEN) TO GRADE 6

PHONE: 306-683-7320

EMAIL: lakeridgeschool@spsd.sk.ca

ABOUT MONTESSORI

Saskatoon Public Schools' Montessori elementary program is offered to students in grades 1 to 8 at City Park School and casa (kindergarten) to Grade 6 at Lakeridge School.

Montessori philosophy and methodology is used to deliver Saskatchewan curricula. By following the child, learning is individualized and presented to match the stages of children's development. The teacher assumes the role of educational guide, offering individual, small-group and large-group presentations as needed by the students.

DIVERSE COMMUNITY

Students of varying educational experiences are placed in multi-aged classrooms (with the exception of the casa classroom) where students learn to work collaboratively with their peers. The Montessori classroom fosters personal responsibility and problem solving. Through mutual respect and the belief in a peaceful environment, students form a community of learners.

APPLICATION PROCESS

There is no tuition for students attending Saskatoon Public Schools' Montessori program. Casa students must be turning five years old in the same year that they begin casa. Students from any neighbourhood may attend; however, families are responsible for transportation.

Admission is through an application process. Families whose applications were wait-listed in previous years must submit a new application each year. If more applications are received than available spots, the program uses a lottery system to determine new students each calendar year. The program is open to students with or without prior Montessori experience; however, preference is given to students who reside within city limits. Experience is an asset for upper elementary and middle year classrooms. Grade 1 will be an open lottery for all students regardless of previous school experience.

Families interested in the Montessori program are asked to contact the school for more information or visit the website at www.spsd.sk.ca/montessori.

HIGHLIGHTS

- Multi-aged classes
- Multi-year learning cycles
- Learning based on the developmental stages of the child
- Cosmic curriculum: enhancing wonder and curiosity
- Follow the child: choice and individual pace; freedom within limits
- Daily work cycle characterized by student choice of tasks
- Teach and foster grace and courtesy
- A learning environment that fosters peace and mutual respect
- Use of Montessori learning materials in a prepared environment
- Practical life experiences

PRE-KINDERGARTEN TO GRADE 8
PHONE: 306-683-7340
EMAIL: lawsonheightsschool@spsd.sk.ca
WEB: www.spsd.sk.ca/school/lawsonheights

ABOUT NATURE-BASED LEARNING

Saskatoon Public Schools' Nature-Based Learning program is offered to students in pre-kindergarten to Grade 8 at Buena Vista School and Lawson Heights School. Nature-based learning focuses on experiences in, about and for the outdoors. This approach to curricular learning is linked to improved academic achievement, holistic wellness, personal development and environmental stewardship in students.

A range of educational practices comprise nature-based learning, including:

- Nature-focused inquiry (in and out of the classroom)
- Outdoor learning experiences
- Place-based education
- Climate change/ecological education
- Indigenous land-based education.

DIVERSE COMMUNITY

Nature-based programming is open to students with an interest in accessing the curriculum through a nature-based lens.

EQUIPMENT AND COSTS

Students need suitable outdoor wear for all four seasons.

APPLICATION PROCESS

Families interested in pre-kindergarten programming must apply, as priority is given to students who reside within school catchment areas, are of the appropriate age and most benefit from enhanced early years programming.

No application process is required for students interested in kindergarten to Grade 8 programming. Families are encouraged to contact either school to inquire about registration or visit www.spsd.sk.ca/nature-based-learning.

HIGHLIGHTS

- Nature immersion
- Be active, explore the outdoors and connect to the land
- Experiential education with hands-on learning
- Develop independence and responsibility

OFF THE GRID

Tommy Douglas Collegiate

PHONE: 306-683-7910

EMAIL: tommydouglasschool@spsd.sk.ca

WEB: www.spsd.sk.ca/tommydouglas/off-the-grid

ABOUT OFF THE GRID

Tommy Douglas Collegiate's Off the Grid program is a half-day, full-year learning experience that takes students on an integrative learning adventure. This program is intended for Grade 9 students who are interested in such topics as climate change, social justice and youth empowerment to promote change in Saskatchewan communities. The program connects in-class learning with outdoor expeditions while we canoe, hike, ski, bike and bus around Saskatoon and the province to explore what Saskatchewan has to offer. Students connect with local farmers, beekeepers, university professors and environmental organizations to better understand the challenges we face and the resources available to us to initiate meaningful environmental change. This course appeals to students who are looking to challenge themselves, make new friends and enjoy experiencing life outside the box as they gain insight into the topics of complex systems that govern all life through a hands-on learning style.

DIVERSE COMMUNITY

Students taking part in Off the Grid are exposed to other similar-minded youth who are passionate about positively influencing our communities in Saskatoon and surrounding areas. Students meet some of Saskatchewan's leading experts in the fields of environment and sustainability. Our school and local community inspire Off the Grid initiatives, making our program a link between education and practical application of important projects in our society.

EQUIPMENT

Students will need suitable outdoor wear for all four seasons and access to a bicycle.

APPLICATION PROCESS

Application forms are available at Tommy Douglas Collegiate and online at www.spsd.sk.ca/tommydouglas/off-the-grid. This program is designed for students who wish to push themselves both academically and physically, and to create and inspire positive environmental and social change in our community.

HIGHLIGHTS

- Canoeing, hiking, tree planting and camping trips
- Hands-on learning experiences
- Local expert presentations and conferences
- Publishing environmental articles and podcasts
- A deeper understanding of climate/ environmental justice
- Running Off the Grid Bike Shop

WEB: www.spsd.sk.ca/waltermurray/outdoor-school-2

FACEBOOK: facebook.com/outdoorschoolprogram

INSTAGRAM: [@odssaskatoon](https://instagram.com/@odssaskatoon)

ABOUT OUTDOOR SCHOOL

Outdoor School's unique approach to learning challenges Grade 11 students both academically and physically. Students have an opportunity to work with many leading experts in the scientific and adventure sport community. In addition to earning five credits, students are exposed to the diversity of Saskatchewan. The integrated nature of our program allows us to travel, delivering authentic learning in a meaningful way and helping students forge a connection with our environment. Outdoor School pushes students to ask critical questions about the environment and society and helps students grow into knowledgeable, responsible and respectful citizens. Students who thrive on challenge, or need to be challenged more, have consistently thrived in Outdoor School.

DIVERSE COMMUNITY

Based on a philosophy of outdoor adventure and environmental education, the Outdoor School program has been with Saskatoon Public Schools since 1997. Our commitment to best-practice education drives us to seek out the most dynamic and engaging learning environments for our students. We travel to the places where subject matter comes alive such as the prairies, boreal forest and urban landscape. Grade 11 students from across Saskatoon can develop outdoor living skills, critical thinking and confidence as they participate in a variety of excursions. Previous outdoor experience is not required — if learning outside the traditional classroom is appealing, this is the program for you.

EQUIPMENT

Students will be learning in outdoor environments; consequently, they need the right equipment to keep them safe. Our program has most major pieces of gear a student would need to be successful, aside from personal items. A suggested equipment list can be found on our website, but participation in the program is not based on the ability to supply equipment. Outdoor School alumni have donated, and continue to donate, many pieces of equipment necessary to have a successful semester.

APPLICATION PROCESS

Students preparing for Grade 11 can find applications at www.spsd.sk.ca/waltermurray/outdoor-school-2 or connect with the student services office at their collegiate for more information on the application process. Application forms can be completed online.

HIGHLIGHTS

- Whitewater canoeing on Churchill River
- Hiking and skiing in the Nisbet Forest
- Skiing and snowshoeing at Blue Mountain
- Rock climbing, yoga and cycling
- Working with local experts in the science community and adventure sport industry
- Real-world connections to science and geography
- Backpacking in Grasslands National Park

SCIENCETREK

Montgomery School

PHONE: 306-683-7370

EMAIL: montgomeryschool@spsd.sk.ca

WEB: www.spsd.sk.ca/montgomery/sciencetrek

ABOUT SCIENCETREK

The ScienceTrek program combines hands-on science opportunities with outdoor pursuits to create an exciting learning environment. It is a field-based science program created to inspire Grade 8 students to grow academically, socially, personally and culturally. The program helps foster an understanding of the diversity of science and the impact of science on human culture and the environment.

DIVERSE COMMUNITY

The students of ScienceTrek represent the diversity within the city of Saskatoon. The common thread among ScienceTrek students is an interest and passion for science. ScienceTrek students will have opportunities to learn from professionals and experts within the scientific community, as well as within the environment in and around Saskatoon. Saskatoon Public School students preparing for Grade 8 can apply to the program.

PROGRAM GOALS

- Promotes opportunities for students to develop an awareness of and passion for science.
- Builds self-esteem, confidence, leadership and promotes lifelong outdoor pursuits such as hiking, biking, swimming, camping and canoeing.
- Provides students with an enriched science curriculum in a hands-on learning environment.
- Explores science-related careers.
- Promotes community involvement, global citizenship and understanding of the relationship between science and the environment.

APPLICATION PROCESS

More information about the ScienceTrek program and the application process is available online at <https://www.spsd.sk.ca/montgomery/sciencetrek>.

HIGHLIGHTS

- Students develop independence by trekking on their own within the city
- Day trips within the city on foot and bike, working to make connections between our learning and the scientific environment around us
- Integrated, project-based learning that fosters connections across multiple subject areas
- Three multi-day learning excursions, including a canoe trip exploring the South Saskatchewan River

WASKAWIWIN LAND-BASED EDUCATION

Bedford Road Collegiate

PHONE: 306-683-7650

EMAIL: bedfordroadschool@spsd.sk.ca

WEB: www.spsd.sk.ca/bedfordroad/waskawiwin-land-based-education

ABOUT LAND-BASED EDUCATION

The Waskawiwin Land-Based Education program at Bedford Road Collegiate engages Grade 9 students and teachers in an environmental approach to learning that recognizes a deep connection to place and to the land. This approach affirms that meaningful learning occurs through cultivating relationships between people, community, and the natural world. Over the course of a semester, students earn credits in physical education, social studies, English, health and career education while developing diverse ways to demonstrate their learning. Through reflection, collaboration, and real-world experience, students build the skills and character necessary to become engaged community leaders.

Students participate in activities such as bike trips, canoeing, walking excursions, and field studies. These experiences allow them to explore areas in and around Saskatoon, deepening their understanding of their role within both their local environment and the broader global community.

Students currently enrolled in Grade 9 may apply to return in Grade 10 to further extend their learning and leadership. In their second year, students earn Leadership 30, Wellness 10, English 10, and Literacy 10 credits within an experiential framework. This Grade 10 pathway is distinct in Saskatoon, offering a continuation of land-based, integrated learning that is not available elsewhere at the senior level.

APPLICATION REQUIREMENTS

Saskatoon Public School students preparing for Grade 9 who are motivated, love being outdoors and being active, and enjoy learning in alternative ways should apply. Online applications are available on Bedford Road's school website; for help with your application process please contact your school's guidance counsellors. A teacher recommendation letter will be required with each student application.

HIGHLIGHTS

- Learn in an alternative setting
- Be active, explore the outdoors and connect to the land
- Develop and foster new relationships and skills to become an engaged member of the community

CREDITS

- English Language Arts A and B
- Physical, health and career education

ATHLETIC

HOCKEY ACADEMY
SOCCER ACADEMY
SOFTBALL ACADEMY

HOCKEY ACADEMY

Chief Whitecap
Estey
Lakeridge
École River Heights
Willowgrove

WEB: www.spsd.sk.ca/hockey-academy

ABOUT HOCKEY ACADEMY

Starting in the 2026-27 school year, five Saskatoon Public Schools are home to Hockey Academy in partnership with Trach Power Skating & Skills.

Hockey Academy gives Grade 6-8 students (male and female) the opportunity to combine high-quality on-ice development with their regular academic programming. This program is open to any Grade 6-8 student passionate about hockey. The program will operate Monday and Wednesday mornings; busing between the school and arena is provided. Academic schedules are adjusted to ensure all students continue to meet Saskatchewan curriculum outcomes.

Students who wish to continue with the academy model after Grade 8, can do so if attending Estey School (grades 6-12).

Key details:

- Students must attend one of the five Academy schools. These schools were selected because each has the capacity to support the academy model and is located within one of Saskatoon's minor hockey zones: the Aces (Estey), Renegades (École River Heights), Wild and Redwings (Willowgrove), Flyers (Lakeridge), and Bobcats (Chief Whitecap).
- Registration includes two parts: registration in Trach's Saskatoon Academy + registration with one of the five Academy schools.
- For questions about the on-ice training, please contact Trach Power Skating & Skills. Information about fees charged by Trach is available on their website: trachpoweringskating.com.
- For questions about the academic programming, contact the school of interest.

HIGHLIGHTS

- The Hockey Academy was developed in response to growing interest from families and students for programming that allows student athletes to pursue their sport while remaining fully engaged in their academic learning.
- A Saskatoon Public Schools teacher will be onsite at Jemini Arena to provide dedicated academic instruction, support, and supervision.
- The hockey component includes both on-ice and off-ice development (leadership/life skills coaching).
- Students will be grouped according to abilities to ensure appropriate skill development. There is no tryout or assessment process.
- Saskatoon Public Schools does not collect fees for the Hockey Academy. Fees are collected by Trach Power Skating & Skills for the training they provide on and off the ice.

SOCCER ACADEMY

Centennial Collegiate

PHONE: 306-683-7950

EMAIL: centennialschool@spsd.sk.ca

WEB: www.spsd.sk.ca/centennial/soccer-academy

ABOUT THE SOCCER ACADEMY

Students who enroll in the Soccer Academy have the advantage of earning a physical education credit while playing a sport they enjoy. Students will have the opportunity to improve their skill and work individually and in small and large groups. There is a high level of engagement and learning within the class as the students and teachers/coaches share a common passion within the learning environment. Students learn skills in teamwork and peer coaching as there are a variety of abilities and experience within the same class.

Students of all skill levels will have a chance to learn from a variety of high level qualified coaches throughout the course of the semester.

DIVERSE COMMUNITY

Centennial Soccer Academy is open to all students from grades 9 to 12. The Soccer Academy is an inclusive program that draws students from all areas of Saskatoon. Students come with a variety of experiences in soccer, from someone who is just beginning the sport to those who have played for years. All students are welcome — the one thing they have in common is a love for soccer.

EQUIPMENT REQUIREMENTS AND COST

Students are expected to provide their own appropriate footwear, which can be runners or cleats. All new students will be provided with an academy shirt and shorts, which are included as part of the fees. The academy will provide balls, nets and all other necessary equipment.

The fee for Grade 9 students is \$209. The fee for grades 10 to 12 students is \$313.50 (due to additional instructional time on the turf).

APPLICATION PROCESS

All students are welcome to join the Soccer Academy. There is no formal application process. Students simply choose this course as part of their course selection process.

HIGHLIGHTS

- Guest coaches throughout the semester
- Students learn at the SaskTel Sports Centre in a state-of-the-art turf facility
- Students earn their physical education credits and complete their curricular outcomes through a focus on soccer
- Leadership and community involvement
- Peer coaching

CREDITS

- Physical, Health and Career Education 9
- Wellness 10
- Physical Education 20 and 30

SOFTBALL ACADEMY

Tommy Douglas Collegiate

PHONE: 306-683-7910

EMAIL: tommydouglasschool@spsd.sk.ca

WEB: www.spsd.sk.ca/tommydouglas/softball-academy

ABOUT THE SOFTBALL ACADEMY

Students enrolled in the Softball Academy can earn two credits. Grade 9 students receive credits in Physical, Health and Career Education 9. Grade 10 students receive credits in Wellness 10 and Career Work Exploration 10. Grades 11 and 12 students receive credits in Physical Education 20 or 30 and Geography 30, Psychology 30 or an online credit.

In past years, the program has visited Phoenix, Florida State University, California State University, San Diego, and Hawaii. In addition to an incredible clinic experience, students in the program also attended professional sporting events and family attractions such as Disneyland, Sea World, Six Flags and Universal Studios.

DIVERSE COMMUNITY

Tiger Softball Academy is open to all students in grades 9 to 12. Students must be registered as full-time students at Tommy Douglas Collegiate during the semester(s) they are enrolled. Softball Academy students come from different high schools throughout Saskatchewan and Alberta. Out-of-city students are responsible for providing their own accommodation.

EQUIPMENT REQUIREMENTS AND COST

Students are expected to supply their own glove, mouth guard, bat and batting helmet with face mask. Participants are supplied with a jacket, t-shirts, and shorts. The program supplies softballs, pitching machine, batting tees, protective screening and cages. Students enrolled in the program have access to the weightlifting and fitness areas of Tommy Douglas. The fee for new students is \$500. The fee for students in their second and third year is \$350 (as they already have program apparel).

APPLICATION PROCESS

Potential Softball Academy participants can apply by downloading an application at www.spsd.sk.ca/tommydouglas/softball-academy. Students must fill out an application form and have a reference from a current teacher at the school they attend. Applications are due in April at the student services office of Tommy Douglas Collegiate. Please contact the school or program instructors for the specific date or visit the program website. The selection committee will review every application received by the due date with consideration given to maintaining an equitable gender balance of participants, as well as an equitable balance of position players. All applicants will be contacted before the end of April.

HIGHLIGHTS

- Students are able to earn the NCCP Community Sport Ongoing Participation Certification
- Opportunity to participate in a trip or tour to study elite softball
- Access to weightlifting and fitness areas of Tommy Douglas

CREDITS

- Physical, Health and Career Education 9, 10, 20, 30
- Wellness 10
- Career Work Exploration 10
- Mental Wellness 30
- Geography 30

WEB: www.spsd.sk.ca/northparkwilson/arts-education

North Park Wilson School is a Centre of Excellence Through the Arts. At our school, students learn about, through and within the arts. The Saskatchewan arts education curriculum is taught with integrity and students have the opportunity to explore and represent their understanding in all subject areas through the arts. The arts provide important ways to teach our students the skills and concepts needed to promote lifelong learning.

We believe:

- Our changing world needs students who can think creatively and who collaborate to explore thoughtfully and engage deeply.
- Our students build their confidence by discovering their full potential through the arts.
- Artistic learning honours diversity. Our students have a sense of belonging and strong connections to each other and the wider community.
- Our students identify and voice their understandings, beliefs and interests in a variety of ways.
- By reaching our students through their heARTS, we are teaching compassion, empathy and caring.

HIGHLIGHTS

- Encourages students to explore ideas in multiple ways
- Develops empathy, compassion, and caring
- Fosters creative and flexible thinking
- Promotes collaboration and meaningful peer connection
- Builds student confidence by supporting them in expressing ideas in ways that feel authentic

BUILDING INTERCULTURAL RESILIENCE MENTORSHIP (BIRM)

BEDFORD ROAD, MOUNT ROYAL, NUTANA, TOMMY DOUGLAS (GRADES 9-12)

PHONE: 306-683-8200

EMAIL: info@spsd.sk.ca

WEB: www.spsd.sk.ca/building-intercultural-resilience-mentorship

Building Intercultural Resilience Mentorship (BIRM) is a University of Saskatchewan program that brings university students together with Indigenous high school students in a weekly group mentorship setting. The program provides a wraparound support network grounded in creating a sense of belonging while supporting students in strengthening their cultural identity and academic skills.

Through consistent weekly sessions, students engage in goal setting, post-secondary exploration, leadership development, and cultural activities, including land-based experiences. The program creates space for students to build confidence in who they are, deepen their connection to culture and community, and strengthen the skills needed for success in high school and beyond.

BIRM is grounded in intercultural relationship-building across culture, age, education, lived experience, and interests. The program concludes with a year-end trip that celebrates student growth and commitment.

To learn more about BIRM, visit <https://indigenous.usask.ca/engagement/birm.php>.

HIGHLIGHTS

- BIRM contributes to a deepening understanding of Indigenous languages and cultures.
- Students are supported and inspired by older peers in achieving their highest aspirations.
- The program encourages active participation in the improvement of outcomes in our community.
- Students will gain experience collaborating with others and participating in group activities.
- Participants will have the opportunity to develop their social and academic skills.
- Additional credit opportunities

DANCE

WEB: www.spsd.sk.ca/dance

Note: offerings vary by collegiate

ABOUT DANCE

Saskatoon Public Schools' dance programs give students the opportunity to experience a wide range of dance styles and study dance elements, basic anatomy and critiquing. The collegiates offer professional studios with sprung floors to ensure dancers' well-being and top performance.

Dance classes are active and energetic. Teachers are equipped to instruct beginner to advanced dancers in an inclusive manner. Programs include an introduction to foundational dance techniques, choreography and a variety of dance styles such as street dance, jazz, lyrical, contemporary, ballet and cultural dance styles. Special guest choreographers broaden the range of dance styles students can experience.

The semester culminates with a performance showcasing various styles of dance. Dance recitals teach students the value of recital etiquette for a performance-based industry. Recitals are also a great opportunity for students to show off their growth and hard work.

Many collegiates also offer extra-curricular dance opportunities, including: Pom Squad, Cheer, and competitive dance teams.

DIVERSE COMMUNITY

Saskatoon Public Schools' dance academies and programs are open to all students in grades 10 to 12. Students vary in experience and differentiated instructional techniques, allowing students with years of training to work alongside those new to the discipline.

EQUIPMENT

Students are expected to bring and change into athletic wear for their dance course. The course fee charged for dance varies by collegiate. Contact the student services office at your collegiate for more information.

APPLICATION PROCESS

Interested students should choose Dance 10 as an elective in their respective high school. Contact the student services office for more information.

HIGHLIGHTS

- Live performance dance showcase
- Highly qualified dance teachers with varied backgrounds in dance
- Dance studio facility with sprung floor
- Opportunities for live performances

CREDITS

- Dance 10
- Dance 20
- Dance 30

DRAMA, MUSIC & VISUAL ART

DRAMA

Elementary

Students at all Saskatoon Public Schools receive drama instruction in grades 1-8 through the Arts Ed curriculum.

Secondary

In collegiates, the Arts Ed 9 course provides some instruction in drama. Beginning in Grade 10, most collegiates offer drama as a credited course.

Many collegiates also have vibrant extra-curricular programs for drama including musicals, plays, one-acts and improv teams.

MUSIC

Elementary

Music is taught at all Saskatoon Public elementary schools and students may experience instruction through singing, rhythm activities and playing a variety of instruments (Orff, recorder, ukulele, guitar, world percussion).

Band is offered at most schools for students in grades 6-8. Please inquire with schools directly for the details of their music program.

Secondary

Band, jazz studies, guitar and choir are offered as credited courses in many collegiates.

Most collegiates have extra-curricular programs for musicians, including jazz bands, Indigenous drumming, pep bands, drum lines, and musicals.

VISUAL ART

Elementary

All elementary schools offer instruction in visual art including drawing, painting, and creating as part of the Arts Education curriculum.

Secondary

In collegiates, the Arts Ed 9 course provides some instruction in visual art. Photography, Graphic Arts, Design & Visual Art and Advanced Placement Studio Art are offered in many collegiates starting in grade 10.

ELEMENTARY FRENCH IMMERSION

(kindergarten to Grade 8)

- École Alvin Buckwold School
- École College Park School
- École Dundonald School
- École Forest Grove School
- École Henry Kelsey
- École Lakeview School
- École River Heights School
- École Silverspring School
- École Victoria

ABOUT FRENCH IMMERSION

The French immersion program offers a tremendous opportunity for students to learn French as an additional language. This program is designed for students and families whose first language is not French. Ideally, students join the program in Kindergarten or Grade 1, when the focus is on developing foundational language skills.

In the French immersion program, students learn almost all subject areas in French. In doing so, they learn vocabulary across a wide range of topics and themes, which supports their ability to authentically communicate. Throughout the program, students continue to explore the language, communicate orally with purpose, read with understanding, and write to express their learning. English language arts is formally introduced in Grade 3. Teachers will support students in transferring the literacy skills initially learned in French to reading and writing in English.

At the collegiate level, the French immersion program builds on students' established language skills while also continuing to expand knowledge in other subject areas. Students that successfully complete 12 French credits through grades 10, 11, and 12, and who fulfill the other required credits for graduation, will graduate with a bilingual diploma.

Beyond learning French language and culture, the program helps students grow as active participants in lifelong language learning and as responsible and caring citizens.

ELEMENTARY

CORE FRENCH

Core French is offered at a number of our elementary schools. Please contact your neighbourhood school to learn if it is offered there, or use the contact information on this page to request a list of elementary schools currently offering Core French.

* Core French is distinct from French Immersion. It aims to develop basic communication skills in French and promote an appreciation for French culture.

HIGHLIGHTS

- Speaking more than one language increases your brain flexibility
- More employment opportunities for speakers of different languages
- Understand and talk to more people while travelling
- Learn about other cultures
- Learn from qualified teachers who are knowledgeable and passionate about their language
- Become more open minded by learning a different perspective of the world

ABOUT LANGUAGES

Lessons learned through a language class can truly last a lifetime as the acquired skills can be used for such things as employment and travel. The opportunity to learn about another culture is invaluable. There is an urgent requirement for qualified speakers of languages other than English in areas of science, technology, medicine and global commerce. It is also proven that students studying a second language are generally superior in divergent thinking tasks and memory ability.

APPLICATION PROCESS

No prior language knowledge is necessary when enrolling in one of our language classes. To enroll in one of the language classes listed above, please contact the school you're interested in attending.

MAGPIE INITIATIVE

MANIFEST ACADEMIC GROWTH AND PROMOTE INDIGENOUS EXCELLENCE

Nutana Collegiate

PHONE: 306-683-8317

EMAIL: nutanaschool@spsd.sk.ca

WEB: www.saskatoonpublicschools.ca/magpie

ABOUT THE MAGPIE INITIATIVE

The MAGPIE initiative is a dynamic school experience that targets authentic, foundational knowledge from the rich, rooted history of Indigenous nations and communities in our area. The program name, MAGPIE, says it all — Manifest Academic Growth and Promote Indigenous Excellence. This program is for students in grades 11 and 12.

During the semester, students will have the chance to engage and learn language, history, customs, protocols and everyday realities of Indigenous lifestyles in an urban school setting. Students will also be immersed in the gifts of song and dance, ceremony and fine arts.

This unique course offers students an opportunity to address identity, self-worth and empowerment. Delving into historical and systemic barriers for Indigenous people, the course identifies the true resiliency and determination required to support this generation of learners.

DIVERSE COMMUNITY

The MAGPIE initiative is for young people who:

- Want to learn through story, ceremony, song, dance, language and land
- Have shown leadership in their respective schools and would like to develop leadership in culture
- Have an interest in the gifts of song and dance and would like to develop their skill for ceremony, powwow, theatre and other celebrations
- Have an interest in Indigenous fine arts and would like to further their skills
- Enjoy being outdoors to learn off the land and reconnect to the land
- Would like an opportunity to reclaim identity and the identity of nationhood.

APPLICATION PROCESS

The MAGPIE initiative is open to students from all Saskatoon Public Schools collegiates preparing to enter grades 11 and 12. Students will need to attend Nutana Collegiate during their time in the program. For more information, please contact Nutana Collegiate at 306-683-7580.

HIGHLIGHTS

- Arts in all its forms, hand craft, multi-media/ mediums and genres, hide, quills, paint, beads, writing
- Song and dance — integral to our relationship to the land and sharing our victories
- Regalia design — personal development of regalia
- Attire is key in our daily lives - skirts, ribbon shirts, program attire for community events
- Storytelling — plugging in to the emergence and ideology of Indigenous thought and being
- Land-based programming — accessing land and ceremony
- Seasonal ceremonies and activities — lodge ceremonies, rites of passage, women's and men's roles
- Learning bundle — develop a modern concept for the program while supporting multi-generational reconnection to ancestral ways of being and knowing

CREDITS OPPORTUNITIES

Students have the opportunity to earn up to three credits

- English Language Arts 10 and 20
- Indigenous Studies 10 and 20 (if needed)
- Environmental Science 20
- Cultural Arts 30
- Indigenous Culture 30
- Indigenous Studies 30
- Leadership 30
- Practical and Applied Arts 30 or Arts Education 30

MÉTIS/MICHIF CULTURAL PROGRAM

Westmount School

PHONE: 306-683-7490

EMAIL: westmountschool@spsd.sk.ca

WEB: www.spsd.sk.ca/westmount/metis-michif-cultural-program

ABOUT THE MÉTIS/MICHIF CULTURAL PROGRAM

The Métis/Michif Cultural Program has been created to preserve, strengthen and transmit Métis/Michif culture, traditions and Heritage Michif language in Saskatchewan. Westmount School supports students from prekindergarten to Grade 8 with Heritage Métis ways of knowing and learning infused into curricular outcomes.

Westmount School enriches student education through authentic learning experiences within a Métis/Michif worldview. Westmount has a full-time culture teacher who works with classroom teachers through a co-teaching model to integrate language, content and Métis perspectives. This approach builds capacity in all teachers to infuse content, perspectives and language in all curricular areas.

During the school year, students are engaged in enriching their skills from a Métis/Michif perspective, building culturally relevant leadership skills, transferring knowledge between generations and participating in experiential learning opportunities. Partnerships and support from the Gabriel Dumont Institute (GDI), Lii Pleu Vyeu, Central Urban Métis Federation Incorporated (CUMFI), Métis Nation—Saskatchewan (MN-S), Gabriel Dumont Local 11 and Saskatoon Public Schools' First Nations, Métis and Inuit Education Unit are essential to the success of the Métis/Michif Cultural Program.

MII TAANT LEUR PLAAS PROGRAM

Westmount School is also the home of Mii Taant Leur Plaas (Auntie's Place), a Michif early learning program that offers full-day kindergarten, Monday to Friday and full-day prekindergarten, Monday to Thursday. The program is designed to preserve, strengthen and transmit Michif language, culture and traditions. Children ages three, four and five are provided with an experience that will build a strong cultural Michif/Métis identity and increased academic success.

Children entering Mii Taant Leur Plaas learn through a Métis/Michif perspective, ways of knowing and being. This program aims to involve Michif speakers, Lii Vyeu, families and community to share in their knowledge of language and traditions. Information and application forms are available at: www.spsd.sk.ca/westmount/metis-michif-cultural-program.

HIGHLIGHTS

- The first program of its kind in Saskatchewan
- Offers Michif language instruction
- Program, staff and community were highlighted in the emergent reading series — *Taanishi Books* — published at the Gabriel Dumont Institute
- In partnership with the school, school community council and school partners, Westmount holds many Métis/Michif cultural celebrations; students, families and community members look forward to such celebrations as the Sweetheart Dance, Louis Riel Day and All Kings Day/Métis New Year
- Kishkaytaytaahk, an annual celebration of learning in June that hosts Grade 4 students from 20 different schools within Saskatoon Public Schools
- Home to a full-size Red River Cart built by students, staff and community members

NĒHIYÂWIWIN CREE LANGUAGE AND CULTURE PROGRAM

wâhkôhtowin School

PHONE: 306-683-7180

EMAIL: wahkohtowinschool@spsd.sk.ca

WEB: www.spsd.sk.ca/wahkohtowin/nehiyawiwinn-cree-language-and-culture-program

ABOUT THE NĒHIYÂWIWIN CREE LANGUAGE AND CULTURE PROGRAM

The NĒhiyâwiwin Cree Language and Culture program is a joint project sponsored by a partnership between Saskatoon Public Schools, the Saskatoon Tribal Council and the Central Urban Métis Federation Incorporated. It is a bilingual learning strategy that focuses on creating a language- and culture-rich classroom environment for students to learn conversational Cree in the y-dialect. The program is located at wâhkôhtowin School and includes prekindergarten, kindergarten and grades 1 to 8.

DIVERSE COMMUNITY

The NĒhiyâwiwin Cree Language and Culture program uses the Alberta Cree Language and Culture curriculum. The program also teaches the English language. Cultural activities are an important part of the program, as well as learning appropriate protocols with Elders.

APPLICATION PROCESS

Registration forms are available at any Saskatoon public elementary school and must be returned to wâhkôhtowin School. You can also apply online at www.spsd.sk.ca/wahkohtowin/nehiyawiwinn-cree-language-and-culture-program.

HIGHLIGHTS

- A bicultural/bilingual program open to prekindergarten to Grade 8 students
- Teaches the Cree language in the y-dialect
- Students from across Saskatoon are welcome
- Transportation is provided from anywhere in the city

SCHOOL TO WORK & SASKATCHEWAN YOUTH APPRENTICESHIP

SCHOOL TO WORK EDUCATION

Saskatoon Public Schools is a leader in “school-to-work” education. We are proud to offer the following classes/programs in the Practical and Applied Arts:

- Clothing, Textiles & Fashion
- Commercial Cooking
- Construction & Carpentry
- Design Studies
- Drafting & Computer-Aided Design
- Electrical & Electronics
- Food Studies
- Interior Design & Decorating
- Mechanical & Automotive
- Practical & Applied Arts Survey Courses
- Robotics & Automation
- Theatre Arts

For more information on these opportunities, contact the school of interest.

SASKATCHEWAN YOUTH APPRENTICESHIP (SYA)

The Saskatchewan Youth Apprenticeship (SYA) program introduces students to the apprenticeship and trade certification process as they explore the world of opportunities and rewards that come with working in the skilled trades. Students must be in grades 9 to 12 (at least 14 years of age) and meet one of the following criteria:

- Be employed in part-time or seasonal work.
- Registered in a trade-related Practical and Applied Arts course, a trade-related locally developed course, Career and Work Exploration 10, 20 or 30 or a Practical and Applied Arts survey course with at least one-third trade-related content.

The three levels of challenges, which can be completed in grades 10, 11 and 12, are recorded in the SYA Passport upon completion. This program follows Saskatchewan Apprenticeship and Trade Certification Commission (SATCC) provincial apprenticeship guidelines, allowing students registered in SYA to accumulate 100 hours of trade time credit for every SYA level completed, which can then be applied to a formal apprenticeship. For more information about this opportunity, speak directly with a school guidance counsellor.
